

REFER A SENIOR TODAY!

LSCO Community Connect program connects community volunteers to seniors who feel alone and would appreciate a phone call once a week.

To make a referral, or for more information, please contact our Program Coordinator at 403-329-1544 or e-mail at intake@lethseniors.com

"My volunteer is very nice, and I feel like I know her even though we have never met. She is a super lady, so comfortable to talk to. You cannot have a better friend. She is just like family. I love her so much."

~ Community Connect Participant

"I have chosen to share my life with them because they share their stories with me. I never wanted our relationship to become an interview, with me just asking questions. We have become friends, and we are interested in each other's lives."

~ Community Connect Volunteer

**We can all use a friend who is ready and willing to listen.
Help us connect to a senior who feels alone.**
