PATHWAY

CHINOOK CHILD & YOUTH ADVOCACY CENTRE

Chinook Sexual Assault Centre

IS THIS PROGRAM/SERVICE FOR ME?

This program is for children and youth who have experienced sexual, and/or physical abuse or severe neglect, This is a safe space to for them to share their story and receive the support and resources they need throughout the entire disclosure, investigation, and judicial process.

WHO DO I NEED TO TALK TO?

When you call, you will speak with the front desk and they will be able to explain the referral process.

WHAT I SHOULD KNOW ABOUT THE PROGRAM/SERVICE

This program/service occurs through referral only (Police or Child and Family services) and provided in-person, online or phone. Parental or Guardian consent required.

This program/service is available at no cost.

Once the referral is received and an interview with the police is scheduled, a child or youth who is accompanied by a non-offending caregiver or other “safe” adult, tells their story once to a trained forensic interviewer. Then our multidisciplinary team make decisions together about how to best support the child and their family.
