R SPACE PROGRAM

OUR FOCUS

Provide services to persons with developmental disabilities (primarily individuals diagnosed with FASD) who are also facing additional challenges like homelessness, substance use and/or mental health disorders and criminal justice involvement.

Individuals can present high-risk lifestyles.

OUR SERVICES

- Access to healthcare, mental health and/or addiction services
- Access to showers and hygiene products
- Opportunity for snacks and meals
- Opportunity for transportation, storage lockers and a mailing address
- Provide range of medication administration services
- Provide independent living supports
- Provide financial administration
- Various supports such as housekeeping, grocery shopping
- Support to help get identification, bus passes, access to government services and the community including healthy activities
- Support services along with planned activities, drop-in services and scheduled individual appointments
- Cultural programs as the majority of individuals are aboriginal
- Incorporating culture into activities such as community culture classes, art classes, playing aboriginal music and movies, visiting historical sites and attending Pow Wows

OUR GOALS

- ❖ Create a safe and welcoming environment to support individuals.
- ❖ Focus on stabilizing supports to ensure the individual's basic needs are met.
- ❖ Maintaining stability and exploring community opportunities and interests the individual may have.
- ❖ Inclusion in community
